DECISION

Nr A 1109

Dnr KAS-2007-Y-155-111

Issued

24.10.2008

SUBJECT MATTER

Decision regarding an application for environmental permit, pursuant to 35 § of the Environmental Protection Act.

APPLICANT

STR Tecoil Oy
Fredrikinkatu 47
00100 Helsinki
FINLAND

ACTIVITY AND LOCATION

Regeneration plant for handling of used lubricant and hydraulic oils, vessel originated oils and low quality base oils into high quality base oils. Gasoil, fuel oil and bitumen will be produced as by-products. The business-ID of the applicant is FI2557440-6.

The company has rented a land area of approximately 5,0 hectares from the port of Hamina. The area is located in the western part of the port area for liquid products, approximately 200 meters from the sea shore, on the west side of a rail road track. The real estate cadaster numbers are 2:110, 2:134 and 2:148.

The visiting address of the plant is Paksuniementie 15-17, 49460 HAMINA.

GROUND FOR APPLICATION AND JURISDICTION OF PERMISSION AUTHORITY

Environmental Protection Act 28.2.4 §
Environmental Protection Decree 1.3 §
Environmental Protection Decree 6.12c §
